

Hi,

Well it's been a really busy couple of weeks.

Last week I bumped into a giant hotdog as you will see from the photos. I only realised it was Michael when I got up close, and he picked me up.

There has been loads going on in school. The leadership have been really busy interviewing new and existing staff for lots of different roles. We have interviewed some teachers, and pastoral support staff to work with Reece and Steve. We also held interviews for the role of Deputy Principal and Stacey who I'm sure all of you know was successful in securing the role.

I spoke to Stacey to find out a little bit more about her. She has two of her own dogs a Springer Spaniel called Oaks who is nearly 10 years old and a Cocker Spaniel called Brie who is 10 months old. Just like me they love to chase tennis balls in the park or on the beach. Stacey's favourite place to relax is anywhere that is near the sea and with the dogs of course. Her favourite foods are (not so healthy) chocolate and (healthier) raw vegetables. She also loves to read or listen to books and enjoys most sports although more watching than

playing these days. She is also an Arsenal supporter and likes to travel to see new places in her camper van.

Oh and don't tell Belle but pink is not her colour!

I hope you will all join me in congratulating Stacey on her new role.

Wags and Licks

Love

*Chester*
