

Hi everyone!

I hope you had a lovely Christmas holiday and enjoyed the break (I really enjoyed all of the lovely snacks!!) but it is great to be back.

This week, my big sister Daisy joined the therapeutic team at Unified Academy and she can't wait to start working with you all!

Daisy is a blonde Labrador, not dark haired like me. She has the softest fur EVER, and even won an award for 'prettiest girl' at a dog show!

She is 5 years old and is mum to 10 labradoodle puppies (a cross between a Labrador and a poodle).

Daisy is relaxed, extremely affectionate and sociable - and she loves to play ball. Now that Indie Boy and Lilly have retired, she is the eldest of all the CAL dog.

If you see her around school with James, be sure to say hello!

See you all soon.

Lots of love,

*Maui X*
