

Key Stage 4 East Surrey College Visits

As part of the Unified Academy Careers Programme, year 11 and year 10 students have taken part in a series of visits to East Surrey College. The aim of the trips was to provide opportunities for students to have meaningful encounters with a Sixth Form College and build student confidence in visiting colleges in preparation for their transition from school next academic year.

Students were given a tour of the college and were able to meet with and ask questions to course tutors. Students learned about the range of vocational courses on offer including motorsports,

hair and beauty, bricklaying, carpentry, painting and decorating and plumbing. Students enjoyed exploring the specialist facilities and resources that are available for the different courses on offer and acted as excellent ambassadors for the school throughout the days that they visited.
