

Hi everyone!

As an end of term treat at Unified Academy the students all took part in a huge Easter egg hunt around the school. I was really happy to help and lend my amazing nose to help hunt out all of the eggs. Did you know a dogs' sense of smell overpowers humans by a lot? It is between 10,000 to 100,000 times better than yours!

Dogs can also smell much more than just tasty treats, we can smell fear, anxiety, and sadness. Even if you are masking your feelings to your friends, me and the rest of the CAL dogs will be able to tell something is wrong!

The tradition of Easter egg hunts and gifting eggs to children

originated in Germany in the 17th century when the protestant reformer Martin Luther is said to have organized egg hunts for his congregation, where men would hide eggs for women and children to find. The tradition developed from its religious roots to incorporate the Easter Hare, later known as the Easter Bunny.

I hope you all have a lovely Easter break and have lots of treats and fun!

See you all soon

Lots of love

*Maui X*
