

Hi everyone!

I was really excited to be invited to Unified Academy's celebration assembly where we all came together to celebrate all of the amazing things the boys have been doing this year.

Everyone was given a record of achievement from the schools positive rewarding system Epraise as well as from other areas like the intervention team and coaches giving awards for particular achievements in their areas.

My favourite award from the day was the Star Reader award that was given to the boys who have tried the hardest with their reading using the new accelerated reader programme. I really enjoy the CAL sessions where you all read to me, my favourite book is called 'A Dogs Purpose' and its about a dog who tries to find his purpose over several different lives.

I am really looking forward to the next celebration assembly!

See you all soon

Lots of love

*Maui X*
