Unified Academy Newsletter

DON'T FORGET!

Reminders

- Nurses will be in during March for the Year 9 vaccinations - DTP & MEN ACWY
- Please remember to bring in PE kits or wear suitable clothing & footwear for PE
- Whilst this awful weather is set to continue, please bring coats into school

Legends of the week!

Samuel Williamson Hunt
Micheal Busson
James Aldridge
Louis Thomas Dawson
Damon Davenport
Lucas Chapmar
Callum Davis

Ooooo!

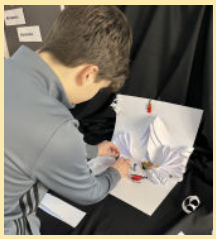
Solid or liquid?

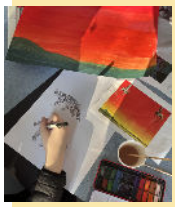
Making Oobleck in science club is a great idea because it's fun, hands-on, and educational! Oobleck (a simple mixture of cornstarch and water) helps demonstrate some fascinating scientific principles in a way that's easy for everyone to understand.Oobleck isn't a solid or a liquid — it behaves as both depending on how you handle it.

When you hit or squeeze it, it feels solid. When you let it flow, it acts like a liquid. This shows how some substances don't follow Newton's laws of viscosity — perfect for a discussion about rheology (the study of how materials flow).

All students named their Oobleck:
Gregory
Mercury
Mint chocolate chip
Gammr

Creativity!

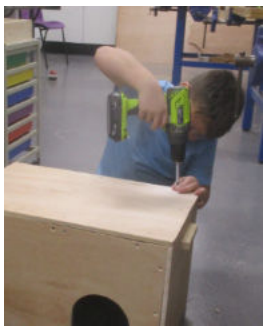


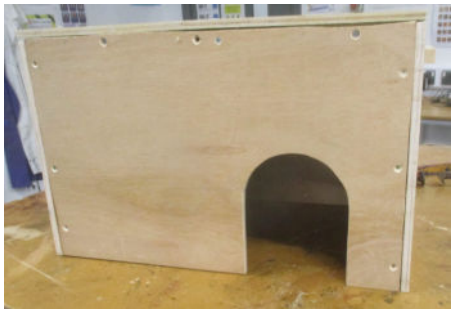


Art & Photography

Creativity has been flowing this week in Art & Photography! One of our students, who had been experimenting with folded paper shadows, created an amazing iceberg scene. Another used Salvador Dhali as inspiration for his piece using mixed media. We are sure you'll agree that they have both succeeded in their masterpieces!

WOW!





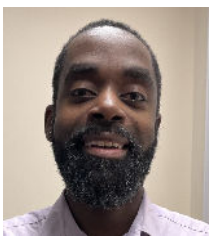
A home for Pretzel!

Students came up with an idea to make a rabbit hutch for Pretzel. This was due to Pretzel making an escape from his current run! They used plywood & power tools to create an amazing home which took them over 4 hours to complete!

MUSEUM VISIT

This week during PD, we visited Dorking Museum. Harry really enjoyed himself, especially trying on the old clothes and hats. He was fascinated by all the historical items, including the penny farthing and the old typewriter.

New team member



We have a new member of staff!
Colin Grant joined us last week & our student team interviewed him:

When did you start teaching? I have been teaching since 2015.
What do you like about working at Unified Academy? I find the job really rewarding. I love to support students with their learning & also to help them manage their emotions.
What do you like to do out of school? I love sports; particularly football, basketball & tennis. I am also Vice Chairman of of Norbury Green FC for 5-16 year olds which I absolutely love.
Is there anything you would love to do? Yes! Go to Mars! That would be amazing! It would be out of this world!
