‘Wood’ you believe it?

In Woodwork this week, Kenny really pushed himself in his carpentry skills! He was making a corner shelf to be fitted on to a set of ledgers. These were cut with angled ends and a lap joint in the corner, all sanded and to be stained and polished.

Marley stepped up to the challenge of building a box with lap jointed corners. These were all drilled, countersunk and screwed together.

He then completed his box by fitting a plywood base and slide aside lid, secured with one screw in a corner. Greak work boys!

Legends of the week!

Now the weather is hotting up, we can finally enjoy lots of PD sessions outside & enjoy some outdoor learning!

Please remember to apply some sunscreen before leaving home.

Ambassadors

Trust Wide Student Safeguarding Ambassador Meeting

The trusts safeguarding ambassadors met last week to discuss the current safeguarding issues in the schools and brainstorm ideas of new campaigns including the below rap written to inspire a safe culture across the trust.

Unified have 6 current safeguarding ambassadors but we are always on the hunt for more, so please let the safeguarding team know if your child would like to join.

IF NOT YOU, WHO?

Yeah, listen up — this is how we roll,

Looking out for each other, heart and soul.

We stand together, strong and aware,

Showing respect, making life fair.

Together in school, college and community

Respect and kindness, that’s our unity.

If something’s wrong, we don’t walk past,

Safeguarding matters — need to act fast.

We’re here to listen, we’re here to talk,

We’re here to help, we walk the walk

If you don’t know what to say or do,

We’ll stand right there and help you through.

Speak up speak out, don’t keep it inside,

Your voice has power — let it be your guide.

And don't think someone has already reported

Every concern matters, every message supported.

If it’s not right, refer to staff

They're trained to help — that’s part of the path.

Remember this loud and remember it clear,
