Back of the net!

Seven of our KS3 students took part in the ***SSSA Annual Football Tournament at Goals in Sutton***. A grand total of 14 schools attended the whole day, which was well organised and enjoyed by all.

The boys took part in an initial 5 matches, which led them to play in the next stage of the ***trophy competition***. An unfortunate 1-0 loss in the quarter final, but the overall sportsmanship, gameplay and behaviour of our students was fantastic! Some amazing goals in particular from both ***Harley*** and ***Kenny*** and a big shout out to ***Kenny*** for showing the spirit of sport through his top-notch captaining of the team. Great effort boys!

Boys involved: Kenny, Jayden, Jack, Michael, Harley, Thomas and Alfie Gaskin!

Mental Health Week

Mental Health Awareness Week is an annual UK event led by the Mental Health Foundation that took place from May 11 to May 17, with a core theme centred on taking practical **"Action"** to improve mental wellbeing.

It was so lovely to see so many students & staff take part by wearing green for the campaign.

Feeling Hot, Hot, Hot!

This term, some students have been lucky enough to take part in some amazing, outdoor learning! Over the weeks, they have learnt how to build dens, gather the correct type of wood & even learnt how to produce fire with flint & steel!

This week, they gathered wood, lit the fire & cooked some chicken burgers! They needed to be careful though as some believed the chicken to be cooked just by looking at the outside which of course burns easier. So they all made sure it was thoroughly cooked & sat back & relaxed in the lovely sunshine.

Leo: "I've loved learning how to make sires but the BEST bit is eating!"

Legends of the week!
