Reading Week Challenge!

Next week, students will be immersed in a whole school ***Reading challenge***!

During the day, students will all be rewarded with 1 EPraise point per minute of reading including ***50 EPraise points*** for the student who has read the ***MOST*** in each tutor group!

Chessington Adventures!

This term, Thrive are learning about roller coasters! Did you know that they don't have engines? How do they move? These are powered entirely by gravity and the laws of motion! A motorized chain or launch system pulls the cars to the top of the first hill and from that moment on, the ride relies totally on energy, momentum and a safe track to coast to the end! Amazing!

Top 10 Trip!

This week, the top 10 students were lucky enough to dodge the rain on a day out at Thorpe Park!

Well done to all the students who earnt a ***huge*** amount of Epraise for their learning, showing respect and over all brilliance!

Legends of the week!
